Activate your free employee benefit thanks to Fidelity Life!

The Footprint Will It package provides you with the ability to create your Will online, keep it up-to-date and store it securely. Activate your account today!

Why have a Will?

Just by having a Will in place, you can save thousands of dollars on fees and reduce the time and cost it takes to settle your estate by 50%.

Why Footprint?

We understand Wills aren't always a topic often spoken about, but they are important in protecting your assets and those left behind. For this reason, we make the process uncomplicated by avoiding any unnecessary legal jargon and using an easy, fill-in-the blank form. For most customers, it takes an average of 15 minutes to complete.

Already have a Will?

You can still activate your account to access the other great features and discounted estate planning services the platform offers. You can also store a copy of your existing Will in the Digital Vault, and if you need to ever update your Will, your account is ready to go. Activating does not mean you have to complete your Will.

Activating is easy!

Just click on the activation link in the email you received from Footprint and follow the prompts to set a password. If you can't find your email, get in touch with us and we'll send you a new one.

Get a discount for your friends & whānau when you activate!

Once you activate your account, you'll receive a discount voucher in your welcome email. You can share this voucher with your friends & whānau so they can be protected too.
